EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given by email from Mr. James P. Hao on October 26, 2005.

3. The application has been amended as follows:

Claim 2:

- In line 3, after "substrate of" substitute "said" with --a--

Response to Applicant's Amendment

4. In view of Applicant's amendment to the specification, the objection to the specification has been withdrawn.

5. In view of Applicant's amendment to the claims, the objection to claims 1, 8, and 13 has been withdrawn.

6. In view of Applicant's amendments to the claims, the rejection₃ of claims 1-19 under 35 U.S.C. 102(b) or 103(a) have been withdrawn.

7. Cancellation of claims 6 and 7 without prejudice has been entered and made of record.

Reason for Allowance

8. Claims 1-5, and 8-19 are allowed.

The following is an examiner's statement of reasons for allowance: The independent claims 1, 8, and 13, recite a first annealing/diffusion process after a first implant in a first region, a second depositing of a second dopant in a second region after the first annealing, and a simultaneous annealing/diffusion process of both first and second dopants after the deposition of the second dopant. These features in combination with the other elements of the claim are neither disclosed nor suggested by the prior art of record.

Claims 2-5, 9-12, and 14-19 variously depend from claim 1, 8, or 13 so they are allowed for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
